WHY CHOOSE BANNER AIRCRAFT INTERNATIONAL

WE PROVIDE CONCIERGE-LEVEL SERVICE THAT COMBINES VALUE, PRECISION, AND TRANSPARENCY.

- ✓ Certified Calibration
ISO/IEC 17025 Accredited
- ✓ ISO 9001:2015
Compliant
- ✓ ANSI/NCSL Z540-1
Included
- ✓ Calibrated to OEM
Specifications

REAL-WORLD EXAMPLE: \$50,000 SAVED

When Waygate Technologies discontinued service for a client’s five borescopes in 2024, we avoided costly replacements by partnering with the manufacturer to create a phased upgrade plan. This locked-in pricing through 2025 saved the client \$10,000 per unit—\$50,000 total.

WHAT WE OFFER

Services Trusted by Major Airlines:

- Uzbekistan Airways Technic
- SCAT Airlines
- Air Astana

For the past four years, we have proudly supported top MROs in Central Asia, providing solutions to airlines such as Uzbekistan Airways Technic, SCAT Airlines, and Air Astana

Capabilities:

- **Cost-Saving Logistics**
Cut customs fees from \$800 to \$80 with smart packaging and shipment consolidation.
- **OEM-Approved Repairs**
Fast, authorized repairs—always with your approval.
- **Full Tracking & History**
Access complete calibration records from day one.
- **Expiry Alerts**
Automated reminders before certificate expiration —custom schedules available.
- **Live Status Updates**
Track calibration progress anytime via the Banner portal.
- **Full Transparency & Documentation**
Includes calibration certificates, equipment photos, return records, and lab ISO credentials.
- **Upgrade Assistance**
We help negotiate cost-effective replacements for outdated tools.
