

A photograph of dandelions at sunset. The sun is a bright, glowing orb in the lower-left corner, casting a warm, golden light across the scene. Several dandelion heads are visible; one in the foreground on the left is in sharp focus, while others are slightly blurred. Numerous dandelion seeds are captured in mid-air, floating and drifting across the sky, creating a sense of movement and dispersal. The sky is a soft, hazy mix of orange and yellow tones.

Durma **sem pausas,**
viva **sem limites.**
